

# Rumblings Returns... Again!!!

## MOUNT ST. HELENS I N S T I T U T E

Yes, it's been a while...

[CLICK HERE TO READ](#)

We're glad to bring Rumblings back, for once and for always! This wouldn't be possible without the talent and time of our Communications Specialist, [Jared Stewart](#), who joined us in 2019. We're lucky to have him and look forward to continuing to expand our team in 2020.

You'll find a lot of great reading in this issue of Rumblings, including hiking guidebook author Craig Romano's "Romano's Ramblings" coverage of Goat Marsh. You'll also hear from [Gina Roberti](#), our Education Coordination (who also joined us in 2019), and her love for our impactful youth programming. And as you might guess, there's a lot happening in 2020 with the 40th anniversary of the 1980 eruptions... expanded events, exciting programs for folks of all ages, and big plans for our future. I hope you enjoy reading about it all.

Happy Holidays to you and yours.

With love,

Ray Yurkewycz  
Executive Director
