

# GeoGirls

August 2-6, 2020

## geology and technology field camp

### for girls

## at Mount St. Helens

GeoGirls explore the volcano in their backyard, the hazards volcanoes pose to human populations, and the technology scientists use to monitor and learn about them.

**WHO**

- \* GeoGirls: Girls from OR & WA graduating from 7th & 8th grades
- \* High School Mentors: Girls from OR & WA graduating from 10th-12th grades
- \* Teacher Mentors: Female middle school science teachers from OR and WA

**COST** Free!  
thanks to grants & donors

**QUESTIONS?**  
Email [learn@mshinstitute.org](mailto:learn@mshinstitute.org)

**ACTIVITIES**

Camp near Windy Ridge | Team projects with real scientists | Hands-on experiments | Field trips to sites around Mount St. Helens | Campfires, hikes, stories and songs!

**HOW TO APPLY**

Complete your online application. GeoGirls & High School Mentor applicants: ask a teacher to complete a teacher recommendation form. Go to the links below to find your online application and teacher recommendation form.
